

Ayo - Ticket to the world

If I had a ticket to the world I would just leave
jump on the next plane and try to realize my
dreams

If I had a ticket to the world I would be free
If I had a ticket to the world
If I had a ticket to the world

If I had a ticket to the world I'd **master law**
become the most powerful woman and free
them all

I'd take care of my people
my sons and daughters
bring back **justice** and break all borders
I'd have my own republic
and be like Robin Hood
take money from the rich and give it to the
poor

There would be no stagnation
no dying of **starvation**,
no unnecessary demands to find an
occupation

I swear I'd change the earth into a better
world,
Who needs a visa if the place of birth is
universe?
There would be no **restrictions**
no dying of thirst
no corrupted president who fills up his own
purse

It wont get worse
we'll only get better no matter the weather
we will climb the ladder
It wont get worse
we'll only get better
If I had a ticket change would be forever

If I had a ticket to the world I would just leave
jump on the next plane and try to realize my
dreams

If I had a ticket to the world I would be free
If I had a ticket to the world
If I had a ticket to the world

If I had a ticket to the world I'd grab my guitar
move to New York and follow my star

I'd play music on the
streets
so I could sleep and eat
maybe one day I'll get
heard by JayZ or LA
Reid
cos you never know who
walks by
never know the time
but if everything is possible everything will be
fine
never know who walks by
never know the time
but if everything is possible one day I'll get to
shine

If I had a ticket to the world I would just leave
jump on the next plane and try to realize my
dreams

If I had a ticket to the world I would be free
If I had a ticket to the world
If I had a ticket to the world
I wanna pass the port but I have no ticket
I wanna pass the port but the world is **wicked**
I wanna pass the port but I have no ticket
I wanna pass the port but the world is wicked
I wanna pass the port but I have no ticket
I wanna pass the port but the world is wicked
I wanna pass the port but I have no ticket
I wanna pass the port but the world is wicked

If I had a ticket to the world I would just leave
jump on the next plane and try to realize my
dreams

If I had a ticket to the world I would be free
If I had a ticket to the world
If I had a ticket to the world

- 1 Listen to the text.
- 2 Read the text in silence and try to understand the meaning of the words in bold.
- 3 What would you do if you had a ticket to the world? Write down at least three sentences beginning with "If I had a ticket to the world I would"
